

# Grade 4 Visits Assam Valley School

## Day-2

The students woke up to yet another exciting day which began with group photographs with the senior management team of The Assam Valley School. There was another photograph with the boys of Champion School, Mumbai who are also visiting the school as a part of the Student Exchange Programme. After a sumptuous breakfast, the visiting students and faculty visited Harchurah Tea Estate to understand the process of manufacturing tea. They learnt about the different types and qualities of tea which is based on the size of the tea leaves. Students bought the world famous Assam tea to take home.

The visit to the city of Tezpur was very exciting too. On their way, students stopped to buy souvenirs made out of bamboo and cane, which Assam is known for along with tea. The students had lunch at a restaurant called KF where they relished both Indian and the Chinese cuisine. The hot and sour soup was a hit amongst the girls. They returned to the school in the late afternoon, rested and then practised their dance and recorder presentation for the term end assembly of AVS to held on 14th December.

Students retired to bed looking forward to their trip to Kaziranga Wild Life Sanctuary the next day.
